## ABOUT CONFERENCE

The IAOMR National UG Convention 2025 is a prestigious academic platform dedicated to igniting curiosity, clinical acumen, and research enthusiasm among undergraduate dental students. Organized under the esteemed banner of the Indian Academy of Oral Medicine and Radiology (IAOMR), the convention aims to bridge foundational knowledge with emerging innovations in Oral Medicine and Radiology. With an exciting blend of keynote lectures, paper and poster presentations, and interactive sessions, the event fosters holistic learning. This convention serves as a transformative milestone, inspiring the next generation of dental professionals to lead with knowledge, compassion, and clinical excellence.

## ABOUT SGT UNIVERSITY

Shree Guru Gobind Singh Tricentenary (SGT) University, Gurugram, is promoted by Dashmesh Educational Charitable Trust and was established under the Haryana Private Universities (Amendment) Act No. 8, 2013. The university was born out of the culmination of the movement that started with the founding of SGT Dental College way back in 2002 to propagate the holy message of the highly deified Shree Guru Gobind Singh Ji, one of the greatest philosophers and social reformers, who said that the "Spread of Learning is the Best Service to Mankind." Presently, SGT University has 19 faculties that offer around 200+ courses and a wide selection of undergraduate, postgraduate, and PhD programs. The university is spread across an area of 70 acres that is enveloped by a lush green environment. It provides an ideal ambience for pursuing professional courses and ensures the overall development of students.

## ABOUT ORAL MEDICINE AND RADIOLOGY DEPARTMENT

The Department of Oral Medicine and Radiology stands at the forefront of patient-centered care, specializing in the diagnosis and comprehensive management of oral potentially malignant disorders (OPMDs) alongside complex orofacial pain disorders. The department integrates advanced techniques including injectables, platelet-rich plasma (PRP) therapy, cone-beam computed tomography (CBCT), and soft tissue lasers to enhance precision and patient comfort. With a strong foundation in clinical research and a compassionate approach to palliative care, it remains committed to advancing non-invasive therapeutic strategies and fostering academic excellence in the evolving landscape of oral health sciences.
